FOR THE BAHAMAS: The Caribbean Court of Justice Academy for Law donated \$30,000, last Friday, to support recovery efforts in The Bahamas following the passage of Hurricane Dorian in September. The academy, the educational arm of the CCI, was incorporated in February 2018 to provide and facilitate sensitisation of members of the legal profession to new and challenging areas of the law. Among the academy's flagship activities are its biennial conferences and its recently instituted Annual Eminent Caribbean Jurists Awards. Presenting the cheque last Friday to Dr Monica Elaine Davis, the Bahamas Consul in T&T, were ranking member of the academy Justice Jacob Wit, left, and academy chairman Justice Winston Anderson.
